

CARCOAT - HARD LAUNCH OPTIONS

New Closure DOV's:
Zipper with snap buttons

PDT

Cutting department Carcoat		In line	Final
Fabric code	X1493/MS18-16A0330-01		
Marker width	73		
Fabric type	GR4		
Cut direction	0		
Nap direction			
Transparent	No		
Lining No.	Lining 409		
Sleeve lining	JSVBO		
Bias tape	Lining 409		
Under Collar	0640 (665)		
Pocket lining	BK		
Button No.	N13-71(697/AS1230)		
Front zipper color	Beige (58cm)		
Inside zipper color	158		
Throat tab	----		
Taped seams	No		

Add Front zipper color.

Change zipper color to Inside zipper color, this is not yet implemented for 25% India.`

Sewing department		In line	Final
Thread no	665		
Make	FUSED		
Closure-lapel	2NR		
Front buttonhole color	665		

The DO is already in place, so no need to change anything.

Above HTML added fields are not yet send with the India 25% prio, the TryOn correc-
tion part and FM formula also needs to be implemented:
- Add TryOn correction for Carcoat -> Front zipper length
- Add FM formula

Rounding of Zipper length value:
We will have steps of 2cm per size and the zipper length should end up on one of the
Base values.

0,9 difference should be rounded down
1 or up difference should be rounded up

Example:
Outcome of FM formula is 54,9 -> HTML value should be 54
Outcome of FM formula is 55 -> HTML value should be 56

We will need restrictions on max & min length:
Max value - 52
Min value - 68

camel	135(763)	161	161	8134 camel	25 Bemberg camel	S025 dark brown	mid brown	mid brown	mid brown	mid brown	Lining 695

We want to keep stock for it as a Trimming without having it linked to a DOV or multiple Trimmings linked to 1 DOV.

The stock deduction should be based on Lining style 'without lining' nad the matched color.

Please study the possibilities.

As discussed we have 2 options, make a extra DOV for the colors or use the same logic as Melton best match option, from PDT/Buying side we prefer the Melton solution.

CARCOAT - HARD LAUNCH OPTIONS

New DO & DOV's:
Hood - Yes/No

PDT

Sewing department		In line	Final
Thread no	665		
Make	FUSED

Adding this row is taken care of in India 25% prio.

DOV's:
No
Yes

Measurements

Measurements	Size 48	In line	Final
Shoulder width	45.6		
Back length	72		
1/2 back width	22		
1/2 waist	50		
1/2 waist front	32.6		
1/2 waist back	17.4		
Sleeve length L	45.8		
Sleeve length R	45.8		
1/2 cuff width			
Hood height			

We want to show ‘Hood height’, therefore we need to create a TryOn correction, no need for a Formula. This addition on the HTML is not yet implemented in India 25% prio.

Adding this row is taken care of in India 25% prio.

CARCOAT - HARD LAUNCH OPTIONS

Detachable liner only order creation:
As discussed during the development of the Carcoat, we would like to offer customers the option to order a seperate Detachable liner, while before this was only possible with the combination Detachable liner + Carcoat.

The customer is only able to order a seperate Detachable liner if he already ordered a Carcoat, because he needs to have a FitProfile for the Carcoat.

- Selectables:
- FitProfile (Fit page)
 - Monogram (DO page)
 - Color/Lining (Primary info page)
 - Branding (Branding page)

On primary info page only Det. liner material info is neccesary

FitProfile Carcoat

Caution(s)

On Fit page only FitProfile selection should be visible.
It is impossible to create a new FitProfile for only Det. liner, as this should always match to a exsisting Carcoat.
